

# The American Institute of Architects Continuing Education Systems

*AIA/CES Registered Provider Program Summary Handout*

---

**Provider:** Bomanite

**Length:** 1 hour

**Program #:** 2T0713

**Credits:** 1 LU hour

**Program:** Exploring the Capabilities of Specialty Concrete Products (Tour) **HSW:** Yes

---

### **Description:**

The program examines the latest techniques and trends in decorative concrete flooring, including overlays, micro-toppings, polished, exposed and textured/imprinted options. Participants will learn about a variety of interior and exterior application methods, novel systems and inventive products used when working with the versatile medium of concrete; a medium that is sometimes underestimated in its potential. The program will present the fundamentals of integrating personality and product, ultimately illustrating what's possible when working with concrete.

### **Learning Objectives:**

After completion of this course, participants will be able to:

- Identify methods of coloring new concrete.
- Identify methods of coloring cured concrete.
- Identify different methods of pouring exposed aggregate concrete paving.
- Understand the basics of polished concrete.
- Understand the basics of pervious concrete.
- Understand the capabilities and options for the placement of toppings on existing concrete

### **How Taught:**

The CES facilitator utilizes the visual aid of a showroom focusing on the different colored and textured decorative concrete techniques and systems to provide a comprehensive précis of current trends and alternatives available in the decorative concrete industry. The tour includes samples of a variety of decorative concrete systems and techniques. It will be an interactive session that encourages feedback throughout to help reinforce the learning objectives.

### **A/V Needs:**

*None. This is a walking, visual tour.*

### **Target Audience:**

*Architects, specifiers, designers, builders, owners and other design professionals. The audience size can be one-on-one or numerous attendees. The program meets the needs at every experience level and provides time for questions and answers.*

### **Facilitator Qualifications:**

*All Bomanite and Bomanite Licensed Contractor CES facilitators have been trained on CES guidelines and presentation skills. In addition, they receive continuous in-depth training in the field and are considered industry experts.*

### **Costs:**

*There is no cost to bring this program into your firm or chapter meeting.*

### **About the Provider:**

**Bomanite, the leader in the architectural concrete paving industry for over 50 years, has a network of specially trained and licensed contractors to service your architectural concrete paving and flooring needs.**
